

Your invitation to attend:

The 19th annual Canadian Environmental Conference + Tradeshow (CANECT 2011)

1st Edition

Take advantage
today of this special
multiple-discount
opportunity!

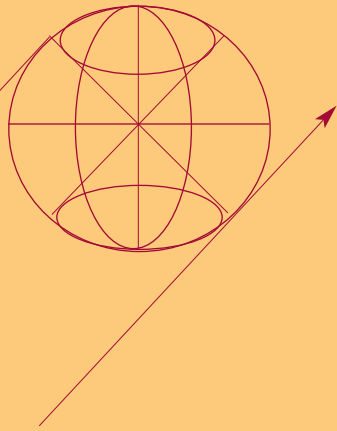

May 16+17+18

at The International Centre

6900 Airport Road, Mississauga, ON

CANECT 2011

Admit One

1

Canada's leading environmental management and compliance training forum offers you a choice of nine targeted professional development courses designed to help you meet your environmental responsibilities.

2

Enjoy networking with free admission to Canada's largest environmental and health & safety exhibition - over 350 exhibits and displays feature the latest in environmental, EHS solutions and technologies.

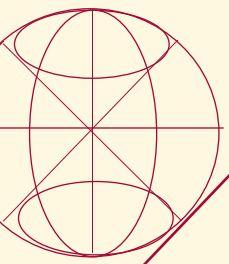

3

Multiple-registration discounts provide a great opportunity for key operational personnel to collectively appreciate their vital role in implementing environmental best practices, compliance and due diligence.

Help us help the environment! This brochure has been printed on paper certified by the Forest Stewardship Council of Canada and has been designed as a self-mailer, to remove the need for an envelope. While every effort has been made to ensure accuracy, if the adjacent label is incorrect, **please make sure that this brochure is re-routed to the person in your organization for whom environmental compliance is an important concern.** Please fax label corrections to 905-841-7271.

WELCOME TO CANECT 2011 May 16 -18, 2011

Your invitation to Canada's leading environmental compliance training event

Once again, we'd like to invite you and your colleagues to attend this year's *Canadian Environmental Conference & Tradeshow (CANECT)*.

Join us this May and discover a great one-stop shopping opportunity for environmental best practices, compliance advice and business solutions.

Environmental compliance training has long been recognized as an essential requirement of the ISO 14001 Environmental Management Standards (EMS) and an acid test of an organization's commitment to "due diligence." For forward-looking organizations, their managers and supervisors, recent events have shown that such training is not merely an option - it is a necessity!

Our courses help increase awareness about the unacceptable human and financial costs of lax operational and management practices while providing practical solutions to everyday issues and concerns.

That's why they continue to be the #1 choice of both experienced environmental practitioners, as well as those new to the field. It's why they attract the best speakers. And why Ontario's Ministry of Environment (MOE) and Ministry of Municipal Affairs and Housing (MMAH) list CANECT among their outreach/education sessions.

After more than 20 years in the environmental field, we believe in a policy of inclusion and broad-based environmental compliance. That's why our registration fees are a fraction of those of similar events and why we continue to reward multiple attendance with generous discounts.

Fortunately, over the years, Canada's environmental professionals have responded. Every year, Canada's leading organizations register their EHS teams for CANECT events. They recognize that an informed colleague is often the best defence against the environmental tragedies that can affect us all.

We urge you to take advantage of this opportunity now to register your team for this year's CANECT events. Review the details of the courses offered. Join us in May. Register today.

We look forward to seeing you and your colleagues at *CANECT 2011!*

CANECT meets the need for practical training in environmental compliance

You can rely on CANECT's proven formula to:

- 4 Update your knowledge of new regulations;
- 4 Access leading experts for one-on-one solutions to specific compliance problems;
- 4 Gain insights into new standards and best management practices;
- 4 View the latest EHS technologies and solutions;
- 4 Obtain comprehensive reference and guidance materials to take back and share;
- 4 Receive a Certificate of Attendance featuring valuable Continuing Education Credits (CECs); and
- 4 Demonstrate your organization's commitment to environmental responsibility and due diligence.

TOXICS

2B

TOXICS REDUCTION

Complying with new toxics reduction acts and bylaws

This course, developed especially for CANECT, and directed by moderator Don Pinchin of Pinchin Environmental, provides practical insight into complying with Ontario's Toxics Reduction Act and the Toronto toxic emissions bylaw and provides practical guidance and case study examples illustrating how you can benefit from the toxic reduction process.

Updated
for 2011

• Municipal, provincial and federal environmental reporting

- Federal: CEPA 1999, Chemicals Management Plan and the 'Challenge to Industry'
- Provincial: Ontario's Toxics Reduction Act
- Municipal: the City of Toronto Environmental Reporting, Disclosure and Innovation Bylaw -ChemTRAC
 - Richard Whate, Toronto Public Health;
 - Shawn McDonald, Pinchin Environmental

• Ontario's Toxics Reduction Act, 2010: Compliance framework

- To what facilities does it apply?
- What criteria have to be met before a facility is required to comply?
- What has to be done in order to comply?
- When is compliance required?
- Certification by facility's "highest ranking employee"
 - Dan Kirby, Oslers LLP

• Government programs

- Linda Varangu, My Sustainable Canada

• MOE: TRA implementation and Ontario Reg. 455/09

- Steve Klose, Director, MOE Toxics Reduction

AIR

2C

AIR & GHG EMISSIONS

• Ontario Reg. 419 – How this regulates air emissions

- Regulations governing emissions to air
- How will "Open for Business" and approvals modernization change 419?
- Cumulative effects as part of the Approvals process
- Recent amendments – technical standards for selected sectors
- Phase-in dates and NAICS Codes
- Director discretion and power – the "Abatement Conversation"
- Challenging Orders and Conditions of Approval
 - John Willms, Willms & Shier Environmental Lawyers LLP

Updated
for 2011

• Regulation 419 and C of A Update

- Cs of A**
 - Selecting and updating the right type of C of A
 - Why is an ESDM report important? Getting started.
 - Guidelines and sample ACME reports – which one to use?
 - Why review of the draft Certificate of Approval is so important
 - Modelling and models available – which one(s) to use?
- Reg 419**
 - Recent and proposed amendments to Regulation 419/05
 - The sector based approach to regulatory compliance
 - Business issues with alternative standards
 - David Cotsman, RWDI AIR Inc.

• Managing nuisance issues

- Odour and dust complaints and how they play into the C of A process
- Why is land use planning so important?
- Defining noise impacts for Ontario Cs of A and Land Use issues
- Assessment techniques: need to know
- Mitigation: whose responsibility is it?
 - Mark Vanderheyden and Peter VanDelden, RWDI AIR Inc.

• Legal aspects of nuisance concerns

- Common law nuisance actions
- Protecting industrial land uses at the Ontario Municipal Board
- Two case studies
 - Vivienne Ball, Willms & Shier Environmental Lawyers LLP

noon until 2pm when sessions resume • Lunch is available in Hall 1, close to the CANECT Tradeshow Exhibit Hall area
ated Canadian Environmental Tradeshow and Health & Safety Ontario's (formerly IAPA) "Partners in Prevention" Expo!

• Toxic use reduction - process characterization

- Establishing your team
- Process mapping
- Chemical pathway analysis
- Materials accounting
- Defining the Production Unit and Unit of Product
 - Phil Girard, Pinchin Environmental

• Toxic use reduction - options identification and characterization

- Risk screening
- Chemical substitution
- Seven toxic-use reduction options
- Options evaluation
 - Phil Girard, Pinchin Environmental

• Process optimization: Reducing toxics; reducing OpEx

- Financial analysis
- Using toxics reduction to reduce Operating Expenditures (OpEx)
 - Robin Brown, Pinchin Environmental

• Case study: Toxics use reduction at Philips Lightolier, Massachusetts

- Ron Westgate, Philips Lightolier

See below for CANECT Day 3 program

• The new framework for GHG reduction

- Ontario's approach – developing emissions profiles
- WCI and cap-and-trade
- US regulation under the Clean Air Act
- Where is the law going – Recent Federal and Provincial initiatives
 - John Georgakopoulos, Willms & Shier Environmental Lawyers, LLP

• GHG Reporting for Ontario

- What is the process? What do I need to do?
- Guidance documents and other tools available
- What calculation methods to use?
- Verification requirements and facility obligations
- Case study
 - Nicole Vadori, RWDI AIR Inc.

• Air approvals and approvals modernization – owners and operators of Cs of A

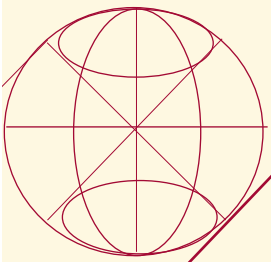

- Improving and simplifying the application process
- Introducing a new electronic environmental registry
- Focusing on businesses or facilities with poor compliance records
- Focusing resources on higher environmental risk activities
- Improving standards of environmental protection and compliance
 - Tim Krsul, Ontario Ministry of Environment

• Renewable Energy Approvals

- Community resistance to renewables
- Uncertainties for projects
- Approvals and issues vary with the renewable energy source
 - Ben Coulson, RWDI AIR Inc.

• Open Question Period with Speakers

See below for CANECT Day 3 program

CANECT 2011 Program Day 3 – May 18

CANECT Professional Development Program Overview

The CANECT program of professional development courses is spread over 3 days (see the legend below).

Registrants can choose to attend one, two or all three days. It is therefore possible for each registrant to attend 3 of the 9 courses offered.

On Day 3 (May 18) registrants can choose one out of the three courses described on the following pages (3A, 3B or 3C).

CANECT offers registrants a unique, one-stop shopping opportunity for best practices, compliance advice and business solutions.

Multiple-day and multiple-registrant attendance provides your best opportunity to exploit the unique benefits presented by CANECT and is encouraged through discount pricing.

Morning and afternoon refreshments, complimentary buffet lunch, free tradeshow entrance to two major environmental and health and safety tradeshow (May 17 & 18 only) plus comprehensive handout materials are provided free to all conference registrants.

Join us this year to refresh your knowledge, encourage environmental awareness and gain valuable continuing education credits.

The 19th Annual Canadian Environmental Conference and Tradeshow - May 16, 17 & 18, 2011
The International Centre, 6900 Airport Rd, Toronto

DUE DILIGENCE
Documenting and Demonstrating Environmental Due Diligence

3B

APPROVALS MODERNIZATION
C of A compliance from A - Z

3C

SPILLS: BEST PRACTICES
For Reporting, Contingency Planning and Emergency Response

Professional Development Courses offered on Day 3

3A Demonstrating and Documenting Environmental Due Diligence

This course provides practical insight into environmental due diligence and why it is important to document and demonstrate its application in commercial transactions; dealing with contractors and consultants, ministry investigations, operational best practices and management systems. Proof of environmental due diligence can provide managers with a first line of defence against environmental charges and save thousands of dollars in penalties.

3B Approvals Modernization

This course, developed exclusively for CANECT and presented annually by C of A specialists at Golders and MOE's Approvals Branch, has become the gold standard for those seeking to keep up-to-date with the Ministry of Environment's Approvals Modernization process as well as those seeking guidance on best practices for managing all types of C of A and permits - from Comprehensive Approvals, to Environmental Compliance Approvals, to filling out the new forms.

3C Spills: Best Practices for Reporting, Contingency Planning, Communicating and Emergency Response

An environmental emergency can occur at any time. Attend this course and be sure you and your response team know what to do to respond professionally to environmental emergencies. What plans do you need to have in place? Who must you report to? What information must you divulge? What practical steps must you take to protect employees, your organization, its assets, and the health and safety of surrounding communities?

3

Bonus value Day 3, May 18

4 Inspiring keynote speakers

"Changing My Mind"

**Margaret Trudeau,
Celebrated Canadian and
Mental Health Advocate**

In her candid keynote, Margaret speaks about her life experiences, the challenges she faced being in the public eye

and how she came to overcome bipolar disorder. Margaret has wonderful stories to tell and a strong, clear message on the importance of finding balance of mind, body and spirit. Her message is one of strength, resilience and redefining one's goals. She advocates strongly on mental health issues, helping people overcome the stigma of mental illness that often prevents sufferers from getting help.

4 FREE admission to Canada's largest EHS Trade show

4 Complimentary luncheon address

*Changing the Way We Think
about Motor Vehicle Incidents
- The Science of the Positive*

Dr. Jeff Linkenbach, Director, Center for Health and Safety Culture, Montana State University, will discuss the science of the positive and transforming cultural norms as related to improving driver safety. (12:15pm Hall 1)

4 Prize draw - exclusive to conference registrants who visit CANECT trade show exhibits

4 FREE parking and easy access

* Note that speeches associated with the 'Partners in Prevention' event begin at approx. 8 am. in Hall 1. Please check exact time of keynote address on registration.

EMS

3A

DUE DILIGENCE

New for
2011

9:00 a.m.

• What is environmental due diligence. Why is demonstrating and documenting due diligence important

- Defending managers and corporations against charges
- Regulatory requirements and approvals
- Document access and control
- Commercial transactions re: properties, shares, assets and contracts
- *John Wilms, Wilms & Shier Environmental Lawyers LLP*

• The legal defence: Due diligence as interpreted in the courts

- Review of important cases and lessons they illustrate
- Is following a Certificate of Approval proof of due diligence?
- Is meeting a numerical standard proof of due diligence?
- Is having a Management System proof of due diligence?
- *Vivienne Ball, Wilms & Shier Environmental Lawyers LLP*

• Ensuring accuracy, consistency and appropriateness of Regulatory filings and reports

- Annual reporting - NPRI and other reporting requirements
- Certificate of approval filings and applications
- e-filing and privacy protections
- Spills prevention and response planning documentation
- Event (spills, leaks, discharges) reporting requirements for regulated/non-regulated industries
- *John Wilms, Wilms & Shier Environmental Lawyers LLP*

• Diligent document control: Protections for access and release

- Legal powers of a MOE investigator to obtain information - MOE guidelines
- How to respond to requests for company documents
- Confidentiality and privilege: strategies for managing access to data
- Cautions re: email, Twitter, Facebook, and data storage
- *Rosalind Cooper, Fasken Martineau Moulin LLP*

Noon

Lunch break: The lunch break on May 17 and 18 lasts from approx. 12 noon to 1:00 p.m.

• Take this opportunity to tour more than 400 exhibits of the jointly-located CANECT and EHS Trade Shows.

2:00 p.m.

• Due diligence in dealing with environmental consultants and contractors (1): The consultant's perspective

- Identifying environmental issues and assessing the risks
- The reality of environmental regulations
- Hiring an environmental consultant
- *Lou Locatelli, Church & Trought*

• Dealing with environmental consultants and contractors (2): Avoiding EHS liability issues

- Can parent companies be held responsible for the environmental offences of their subsidiaries or contractors?
- Including protections in contracts and written agreements
- Internal/external consultants' reports: words and phrases to avoid
- *C.W. Daniel Kirby, Oslers LLP*

• Environmental due diligence in commercial transactions

- **Land, Assets, Shares:** What are the similarities/ differences when it comes to environmental due diligence?
- **What constitutes environmental due diligence for Purchaser?**
- Right to investigate; right to terminate; changing standards;
- Level of risk acceptance; importance of the contract
- **What constitutes environmental due diligence for Vendor?**
- Duty to disclose; protection from future liabilities
- *Donna Shier, Wilms & Shier Environmental Lawyers LLP*

• Environmental management systems and due diligence

- Drivers for implementing an EMS
- Elements of ISO 14001 that address due diligence
- Integrating management systems for enterprise risk management
- *Randy Sinukoff, Stantec Consulting Ltd.*

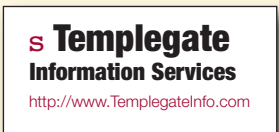

• Due diligence and best management practices (BMPs)

- Who decides what constitutes a Best Management Practice (BMP)?
- Examples of BMPs (e.g. MOE's guideline for chemical storage)
- How to incorporate BMPs into your practices and procedures

5:00 p.m.

You are invited! Update your knowledge, bring your staff and join Canada's environmental community for three days in May to participate in Canada's largest and most cost-effective environmental due diligence training opportunity

CANADIAN ENVIRONMENTAL CONFERENCE & TRADESHOW 2011 REGISTRATION

Please use a separate registration form for each delegate - Photocopy as needed

TO REGISTER: Once you have decided on which courses you and your colleagues want to attend, simply complete and send the adjacent Registration Form. Alternatively, register online via:

YES! Reserve a place for me and my colleagues* at CANECT 2011
(at the International Centre, 6900 Airport Road, Mississauga [Toronto], Ontario, Canada)

My name is: (please print)

Organization:

Street address:

Town:..... Prov:..... Post Code:.....

My phone# is: () My fax # is: ()

My email address is:

I am signing up for the following course(s): + +
(Identify course selection by letter and number eg. 1A + 2B + 3A etc. [see legend opposite])

*** IMPORTANT: When registering multiple registrations, fill-in a separate Registration Form for each delegate – (photocopy this form as needed).**

1	Program for Day 1, May 16		
Choose one out of the three courses offered on May 16 >	1A LAW Regulation & Compliance - What's new for 2011	1B WATER Water and Waste-water: Regulation, Compliance and Opportunity	1C LAND Brownfields: The new rules
	2		
	Program for Day 2, May 17		
Choose one out of the three courses offered on May 17 >	2A EMS Environmental Management Essentials	2B TOXICS Complying with new toxics reduction acts and by-laws	2C AIR & GHGs Industrial Air Emissions Regulation & Compliance
	3		
	Program for Day 3, May 18		
Choose one out of the three courses offered on May 18 >	3A ENVIRONMENTAL DUE DILIGENCE For Supervisors and Managers	3B APPROVALS MODERNIZATION C of A compliance from A - Z	3C SPILLS: BEST PRACTICES For Reporting, Contingency Planning and Emergency Response

COURSE FEE FOR SINGLE REGISTRATION
 • Single-day registration = \$640 + HST per person
 • 2-day registration = \$970 + HST per person
 • 3-day registration = \$1320 + HST per person
 (prices include: keynote speaker; lunch + refreshments + materials)
 Note that by registering for all three days you save \$600 off the single-day rate and pay just \$440 or less (see below) per course - It's by far your most cost-effective option!

DISCOUNTS FOR MULTIPLE REGISTRATIONS
 Join Canada's major corporations in making this an inclusive event by bringing your entire team. In addition to the above discounts for 2- and 3-day attendance, CANECT rewards multiple registrations. For additional discounts on registering multiple registrants, see the adjacent form. For discounts on registering more than 4 registrants, call Darlann Passfield (905) 727-4666, Ext 30, or email darlann@esemag.com

ALL REGISTRATION FEES INCLUDE:
 • FREE hand-out materials, CDs, workbooks and proceedings
 • FREE PASS to attend both the environmental and workplace health and safety tradeshow
 • Complimentary coffee and lunch
 • Certificate of Attendance showing Continuing Education Credits (CECs) on completion

CANCELLATIONS POLICY:
 Refunds will be given for cancellations received in writing by April 26, 2011. Refunds cannot be given after this time. Delegate substitution is permitted at all times. Please note, if you register for the session and do not attend, you are liable for the full fee.

ACCOMMODATION AND HOTELS:
 The International Centre is conveniently located close to all Toronto Pearson Airport Hotels. Registrants are required to make their own hotel arrangements.

PROGRAM CHANGES:
 The organizers reserve the right to change the program content and to substitute speakers and content where necessary without further notice. Should circumstances require it, the organizers also reserve the right to relocate and reschedule this event within a six-month period of the scheduled date and assume no liability for these changes.

1. A cheque (payable to Envirogate Event Management Inc.) will be mailed for:
